INTRODUCTION and GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Smithfield and Selma Directory since 1957), present to subscribers and the general public, this, the 1965 edition of the Smithfield and Selma City Directory, which also includes Pine Acres, Sandy Run Section, Sunrise Acres, West Smithfield and the Rural Route Residents.

Confidence in the growth of Smithfield and Selma's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Smithfield and Selma to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and the Smithfield and Selma Directory will fulfill its mission as a source of authentic information pertaining to the communities.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYER'S GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the communities, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods.

In busy and diversified communities like Smithfield and Selma, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Smithfield and Selma, and the name, official personnel, nature and address of each firm and corporation in the communities.

806242 - Winston-Salem C. of C.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Smithfield, Selma and vicinity.

The Out-of-Town City Directory Library

Through the courtesy of the publishers of the Smithfield and Selma City Directory, a Directory Library is maintained in the offices of the Smithfield and Selma Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

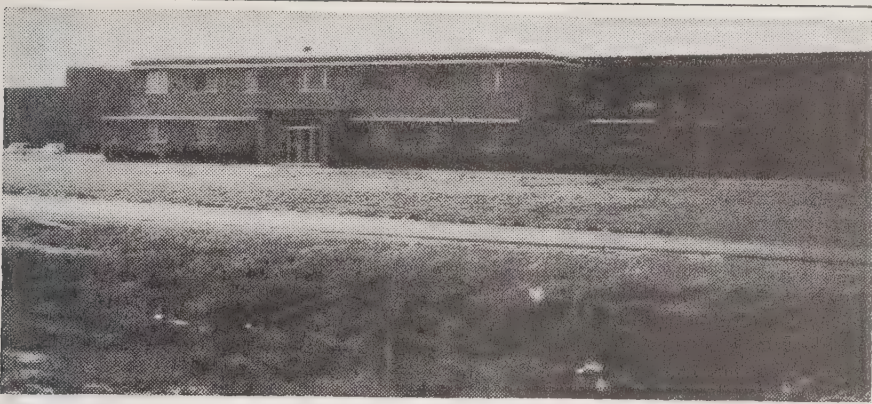

Oldest, largest and busiest of Johnston's ten towns, Smithfield is a county seat with an estimate of 7,000 population. In 1890 it was only 545. Once it was a river town, and the Neuse still flows slowly along the west edge of its business section, but its commercial importance now is the potential it has as a source of industrial water. Smithfield's water facilities are adequate for an anticipated growth of 20 years.

Downtown Smithfield spreads east of the courthouse lawn, and is a mixture of retail stores, farm equipment places and tobacco warehouses. Often in early summer it is a tranquil place, but beginning in August it is a beehive. Tobacco is still the biggest thing in the life of the average Smithfield citizen. When the nine auction warehouses sell some 30,000,000 pounds, they turn loose \$12 to \$15 million, and a good part of it goes to Smithfield—either directly into the pockets of absentee farmers living in town, or indirectly via farm trade.

Tobacco is, however, an old story to Smithfield. In 1770 the legislature established a public "Inspection of Tobacco" in Johnston at the ferry on the lands of John Smith. Here tobacco was inspected, and put in stamped hogsheds. It

was floated down to New Bern in flatboats. Consequently Smithfield is the oldest tobacco market in North Carolina, still in business, allowing, of course, for interims of inactivity.

The modern auction market opened in 1898 via a warehouse operated by Skinner and Barham.

The redrying houses, also operating seasonally, provide the largest single source of employment in the county, aside from agricultural pursuits.

The cotton market, though overshadowed, is one of the largest in the state, with three gins and facilities for storing 18,000 bales. There is a large livestock market.

But recent industrial additions such as Burlington Mills, the Jerold Corporation, Fieldcrest Mills, Carolina Packers and others are broadening the base of the town's economy.

Conscious effort by the citizens to accomplish just such a broadening has been stepped up by a rejuvenated Chamber of Commerce and formation of the Smithfield Industries Inc., to provide quarters (if needed) for interested industries.

Smithfield's Main Street.

Canopy & Lighted Signs project under "The Smithfield Plan".

Smithfield's business and civic leaders, as the result of a tour of several states viewing community improvement ideas, with full cooperation on the community level, unfolded "The Smithfield Plan". Through coordination of community and civic efforts, many changes have taken place. These include sidewalk canopies, remodeled businesses, color styling, off-street parking, new store fronts, landscaping—more that 25 projects completed and others in the planning stage. As the result, Smithfield was chosen and judged one of the top 10 towns in the nation in the 1962-1964 Community Improvement Program contest co-spon-

sored by the General Federation of Women's Clubs and the Sears Foundation. Smithfield was declared winner of the North Carolina division of the contest which \$300 was received as the award. \$1,000 was received for being one of the national winners, giving a total of \$1,300 to be used further on community improvement. Smithfield now has a wide-awake, on-the-move look, and has established itself as a most progressive community.

In all of its long career, and through every turn in business, the town has never suffered a bank failure. It is one of the financial centers of North Carolina, through the presence of main offices of the First-Citizens Bank & Trust Company.

The town was founded on land which John Smith, the first settler, donated. He had moved in from Virginia and obtained a license to operate a tavern at the site in 1765. Later he moved to Tennessee, where he died.

Smithfield was incorporated in 1775, and must have had some facilities and prestige during the Revolution. The General Assembly was to have convened in New Bern in April 1779, but a smallpox epidemic forced them to meet elsewhere, and they chose Smithfield.

It was at this session that the representatives made the first attempt to halt the nomadic wandering which had the assembly meeting first in one place and then another. A resolution was introduced naming a commission to "view and fix upon some place in each of the counties of Johnson, Wake and Chatham for holding the General Assembly".

Nothing came of this, and the resolution may not even have passed, for the Senate Journal of that session is lost.

However, when a capital site finally was picked, Smithfield was in the running. We frequently hear the town lost by only one vote, but the statement is always prefixed by the warning that it is only a "tradition".

Also according to tradition a Smithfield man cast the deciding vote against location of the Southern Railway, fearing that the smoke and noise would be injurious to the quiet of the village. It later obtained the Atlantic Coastline. It is situated on U. S. Highways 70 and 301, with three bus lines and four truck lines.

Beyond the commercial center lie the residential sections, mostly composed of comfortable but moderate homes.

They are built along old tree-lined streets, and even though close to town have an air of leisure and well-being. Smithfield, for all its concern over the replacement of farm labor and the need for new enterprises, is a town of quiet poise. It has over its 200 years, gradually equipped itself adequately.

As the result of combined community efforts, necessary funds for a new Smithfield-Johnston County Library have been raised. Construction will begin in the near future on the downtown location.

The relatively new hospital is presently being enlarged and renovated, with all modern convenience being included in addition to increasing the number of beds to 200.

The civic life is well balanced by organizations—civic, fraternal, cultural, literary, dramatic, professional. It has a city library and also is headquarters for a nine-branch

county library system with bookmobile. A Historical Society is busy compiling a county history. There are 16 churches and a 14-acre recreation center, operated by a summer-time city recreation department.

Smithfield's growth in size and responsibility has not robbed it of a social life which is as friendly and neighborly as that of the smallest rural community in the county.

Smithfield has a tax rate of \$1.00; a valuation of \$15,305,060; and an indebtedness of \$845,000.

Community Attitude

Business and professional leaders and the people of Selma and Johnston County are vitally interested in industrial development toward the welfare of the area. Facing the importance of further industrialization, leading citizens of Selma and the area formed the Selma-Smithfield Industrial Development Corporation.

City, County and State governments have demonstrated a wholesome and cooperative attitude toward old and new industry and business organizations. New industries that have come to our town and area in the past few years have found splendid community attitude and able, industrious labor. The community has several desirable sites available for industry and will meet reasonable requirements to serve new industry and provide new floor space on a sound business basis.

Within a radius of 20 air miles there is a labor pool in excess of 3,600. Approximately 1,000 high school graduates enter this labor force annually. Selma is served by the Atlantic Coast Line Railroad and Southern Railway and by 6 Trucking Lines. Raleigh-Durham Airport, one of the South's leading, is only 40 miles away. Valuations and tax rates are reasonable and city utilities are available.

The Chamber of Commerce, with the cooperation of town government and civic clubs, has started a concerted effort to get downtown business organizations to improve their properties, both inside and out. The Branch Banking and Trust Company has taken the lead in this effort and has a large part of its complete modernization done. Also one of our smallest businesses is now undergoing modernization. This is, of course, a long range program; however, it is being met with enthusiasm.

The Selma-Smithfield Industrial Development Corp. and the Chamber of Commerce offer their services without obligation. All inquiries are handled in strict confidence. For further information please write the Selma Chamber of Commerce, Box 584, Selma, North Carolina, or telephone 965-3755.

CASHIERS! TELLERS!

CLERKS!

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

WHY A BUYERS' GUIDE?

**IT IS CUSTOMARY TO INCLUDE A BUYERS'
GUIDE IN THE CITY DIRECTORY BECAUSE:**

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ **The Buyers' Guide is a necessary supplement to the regular listings; It is good City Directory information . . . EXTENDED**

ROSE PIANO & ORGAN CO.

THE CONN *Rhapsody*

The "full" organ for full enjoyment
... from now on!

Sit at the console of the Rhapsody and put it through its paces. Get the precise effects you want — even selective shading control for flutes and other voices . . . a new, but typical, Conn exclusive. Be warned in advance: you'll never again be satisfied with an undersized, incomplete organ! Yet, despite its full keyboard and pedalboard, its abundance of voice, tabs and couplers, the Rhapsody is easy to play, even for beginners. Conn's "Instant Music" method makes it so! Come in soon — enjoy a new musical experience which can be yours for a lifetime.

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment are listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

HILL'S SMITHFIELD and SELMA STREET and AVENUE GUIDE INCLUDING TELEPHONE NUMBERS and HOME OWNER SYMBOLS 1965

Including Pine Acres, Sandy Run Section, Sunrise Acres and
West Smithfield

Copyright, 1965, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with
the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

HILL'S SMITHFIELD NUMERICAL TELEPHONE DIRECTORY 1965

CITY DIRECTORY USAGE SOARS TO NEW HIGH!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
